

Keystra — Withdrawal-right waiver (checkout text)

Language: English **Version:** 2026-08-20 **Status:** This is the exact text shown next to the second, separate checkbox at checkout (apart from the ordinary terms-and-conditions checkbox). Its wording and version number are stored per order — see the note below.

I agree that delivery of this digital item may start immediately, and I acknowledge that I thereby lose my 14-day statutory right of withdrawal once the key has been shown or emailed to me.

Note: the exact wording and its version number are what get stored per order. If this text is ever edited, it becomes a new version rather than a silent edit — so an order placed under old wording stays provably tied to what it actually showed at the time.
